

Aldershot Snowsport for the Disabled - Statement of Compliance with Covid-19 Guidance

Aldershot Snowsport for the Disabled have temporarily ceased running club ski sessions due to the Covid-19 pandemic and the risk of spreading the infection to attendees at our sessions. To re-start our sessions during this pandemic we have prepared a Covid-19 risk assessment and agreed to comply with the appropriate Covid-19 guidance. The guidance we will follow is issued by Snowsport England, to which we are an affiliated club, and Active Nation who manage the artificial ski slope centre where we run our ski sessions. We will also follow government guidance.

Agreed by the ASD management committee on 9th September 2020
